PROFILE

Hello. I am an enthusiastic front-end web developer with a solid grasp of the frontend technology landscape. I confidently work with SCSS, JS, TS, jQuery, Bootstrap, Tailwind and React, and I am continuously expanding my knowledge and skills in these areas. While my working experience may be limited, I thrive on collaborative environments and enjoy taking on challenging projects that stretch my abilities. My true passion lies in creating visually appealing websites that leave a lasting impression on users. I believe in the power of perseverance and continuous improvement to achieve success. I am eager to contribute to a dynamic team and further develop my expertise in web development. I am open to new opportunities that allow me to grow and make a meaningful impact.

WORK EXPERIENCE

2023/05 - to present

FREELANCE FRONT-END WEB DEVELOPER
Upwork

By actively seeking out real-world projects, I am determined to establish myself as a highly skilled and reputable front-end web developer, who not only meet strict deadlines, but also deliver innovative and impactful solutions.

EDUCATION

SELF-TAUGHT

Introduction to Computer Science, Algorithms & Data Structures, Web Design Principles, HTML & CSS, Advanced CSS & SASS, Bootstrap, JS, jQuery, Typescript, React (mastering), alongside with tools like: NPM, Parcel, Webpack, Babel, Git, Github, Figma, Canva, and with approachable methodologies such as: BEM, RWD, Atomic Design, OOP paradigm, MVC architecture.

TBILISI STATE UNIVERSITY, GEORGIA

Bachelor and Masters Degrees in non-tech field.

PROJECTS

PORTFOLIO WEBSITE
peachportfolio.com

A portfolio project with a touch of Georgian-inspired design, developed using SCSS and TypeScript. It utilizes Webpack, follows the MVC Architecture pattern, and embraces an OOP approach with ES6 Classes. The design is elegantly simple and fully responsive.

PEACHFOLIO'90S
peachfolio90s.com

A 90's-inspired project crafted with SCSS and vanilla JavaScript. It utilizes Parcel bundler, follows the MVC architecture pattern, and employs an OOP approach with ES6 Classes. The webpage is fully responsive, ensuring optimal display across all screen sizes.

OTHERS
github.com/peac-h

A collection of all my creations, including projects not featured in my portfolios. Each repository contains the full code and live demos.

LANGUAGES

Besides my native language, Georgian, I am fluent in both English and Russian. Additionally, I am currently in the process of acquiring proficiency in German.

INTERESTS

Beyond programming, I have a deep passion for travel, having explored nine countries and over 20 cities, immersing myself in diverse cultures. I am also an avid animal lover, having cared for a wide range of creatures throughout my life. Movies and techno music, bring me great joy.
